

***SPECIAL SOLUTIONS
FOR SPECIAL CARGO***

ABOUT US

Prism provides a One Stop Solution for all Logistical needs of the Client Over 25 years of evolving risk management through maturing legislations, international standards of safety, and inhouse engineering. Prism is an asset rich company owning multiple trailers, hydraulic axles, SPMTs and having an array of barges and ship associates be it for heavy lifts or general cargo across the globe. Prism is diversified into ports, pvt terminals, CFS and ICDS across the country to provide our clients a one stop solution for moving general cargoes in a faster and cost effective manner, for domestic and cross country trade.

WHY PRISM LOGISTICS ?

SHE-Q

Over the years Prism evolves in Risk Management by constantly and consistently acquiring, developing, and adopting leading systems, digitalization processes, Certifications, and Modernised Equipments with an approach to achieving an incident and injury- free mindset for a Safer Healthy Environment ensuring the maintenance of higher than industrial standards in Quality.

TOWARDS A SUSTAINABLE & DIGITALISED FUTURE

Prism is moving towards a sustainable future with corrective planning using Artificial intelligence and Blockchain Technology to minimize the freight cost and production of carbon emissions by using alternative modes of transport and efficient planning.
